

**Witney Wong | Youth Assistance Funding  
George Welch Memorial Fund**

Dear Judy and the Far North Queensland Youth Assistance Fund Committee,

Update on how the George Welch Memorial Fund has given me opportunities to pursue my passion in the business industry.

I have just finished my first year of university at The University of Melbourne.

It has been a roller coaster of emotions, experiences and academic progresses, but I am so grateful to have experienced these, with the help of the Far North Queensland Youth Assistant Fund.

With the support of family at home (Cairns), friends at college (University College) and lecturers and tutors at The University of Melbourne, I have been able to perform to the best of my ability academically, socially, mentally and physically.

I have tried to maintain a balanced lifestyle in Melbourne, making sure I study and give myself some relaxation time so that my first year at university was not only filled with stress but also endless amounts of fun and enjoyment.

Over this past year, I have covered the basic foundations of a Commerce Degree, exploring Economics, Finance, Statistics, Accounting, Management and Marketing. I must say it was very challenging, insightful and fulfilling in many aspects.

I really enjoyed Management and Marketing, and feel it is the field that I want to pursue my future career in. I plan to become involved in internships the following year (2020), and this will hopefully clarify my interests and passions within this Commerce Degree I am studying.

None of this would have happened without the help of the FNQYAF Scholarship, and I would like to thank you again for your generous and kind donation which has allowed me to attend university in Melbourne. I could not be happier to have experienced everything that has happened in my first year of university and adult life.

Kind regards,

**Witney Wong  
November 2019**
